

DS NORDIC DEEP DIGGING BUCKET

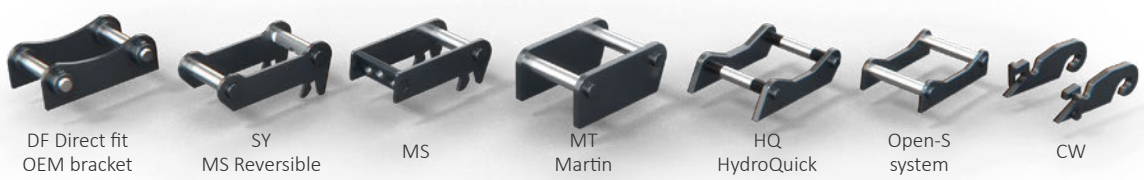

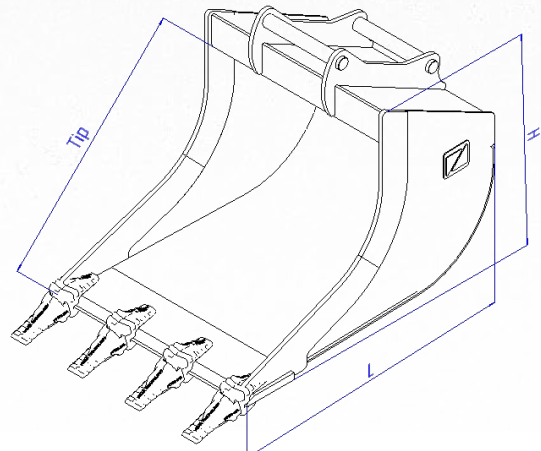

Key features:

- **Nordic profile** with a long flat bottom for level trench floors.
- **Six sizes, DS-20 to DS-90**, for machines from 0.6 to 10 t, widths from 300 to 1000 mm.
- **3 to 5 teeth per bucket**, depending on width.

Optional features:

- **Wear plates on the bottom** extend bucket life in abrasive ground.

The DS is a Nordic profile digging bucket for mini-excavators from 0.6 to 10 t. Its long flat bottom digs and trims a level trench floor in the same pass. Six sizes, DS-20 to DS-90, with widths from 300 to 1000 mm, 34 to 452 l SAE capacity and weights from 31 to 209 kg. Buckets carry 3 to 5 teeth, by width. The adapter list is in the table. Send us your machine and coupler and we confirm the size and adapter.
